

TIPS FOR A SAFE FOXFIELD

Know the signs of
an overdose:

Bring a valid ID. Always carry a photo ID, even if you don't plan to drink, in case you become incapacitated for any reason.

Bring and drink plenty of water. On a warm, sunny day, you can become dehydrated quickly.

Eat plenty of high protein foods to slow down the effects of alcohol. Plan to have enough food for everyone in your group.

Decide now who will be the sober driver. Make sure no one is left behind! Prepare for a 30-60 minute wait for cabs, Uber or Lyft service.

Stay in a group and look out for one another. Say something if a friend's behavior concerns you.

If a friend has too much to drink:

Encourage your friend to slow down by offering food or non-alcoholic drinks.

Stay with your friend because BAC can continue to rise after someone stops drinking.

Go to the First Aid Tent located in the green section. It's fully staffed by medical personnel.

In an emergency (even if you're not sure) call 911 and tell the dispatcher you're at Foxfield. Provide your plot number and EMTs will come to you.

Foxfield Alcohol Policy

Guests over 21 years old who wish to bring alcohol must consolidate into **no more than one 28 quart cooler** per person.

Guests may bring additional **coolers of any size with food** and/or non-alcoholic beverages only.

Alcoholic beverages exceeding the policy limits will be **confiscated and discarded.**

All beverages, alcoholic and non-alcoholic, **must remain unopened** with factory seals intact upon entry.
